

Your presenter route

October 21, 2026 | 3:30-5:00 PM CT | Keep this beside the presentation.

Time / slides	Open this activity	Ask or do / keep
3:30-3:40 Slides 1-2	Start with trust	Think quietly, then tell a partner about a review that built or weakened trust. Hear both voices. Keep: A quality worth protecting
3:40-3:50 Slides 3-4	Stretch an assumption	What could a polished summary hide? Show the prepared draft, then check P4 and P5. Keep: One question about evidence
3:50-4:10 Slides 5-6	Learn from another reading	Read alone, compare reasons, then revise. What did your partner notice that you missed? Keep: A reason for changing or keeping a judgment
4:10-4:15 Slides 7	Make room for reflection	Hold two full minutes of silence. What are you reconsidering, and why? Keep: A changed assumption or open question
4:15-4:35 Slides 8-9	Map and challenge a workflow	Name the people at three checkpoints. Ask another group to test one assumption. Revise. Keep: Named owners and a pause condition
4:35-4:50 Slides 10-11	Practice a fair response	Read the published rule. Draft a question, listen from the applicant perspective, and revise. Keep: A fair question and response route
4:50-5:00 Slides 12	Choose one change together	What will you try, with whom, by when? What would show improvement or tell you to pause? Keep: One change with a learning partner

Prepared teaching example

Completeness reference | Scoring discussion. Say: This is a prepared teaching example, not a live model response.

If time is short: shorten volunteer reporting and extra examples. Keep independent thinking, the two-minute silence, and the fair-response discussion. At 4:50, move to the one-change plan on slide 12. Slides 13-18 are optional references.
